Chamak Marble Polishing Blocks

Chamak Marble Polishing Blocks are designed to polish Indian & Italian marble, kota and mosaic. Various options in bond systems are,

- * High-grade Magnesite Bond for roughing
- * Fast cutting and long life diamond bricks for roughing
- * Resin bond for final finishing
- * Oxide bond for final gloss.

Good blend and choices offer best cost effective solution for laid floors.

Chamak range of marble polishing blocks comes in Triangle, Frankfurt and Edge polisher.

Features	Advantages	Benefits
First quality silicon grains	Sharp edges and high purity	Faster cut and longer life at low pressure
Resin bonding	Faster and better gloss	Sharper and glossy floor
Fine bonding	Optimum strength	Uniform wear out and lower operating cost
